

Business as usual for Aston Air Conditioning & Refrigeration.

We are fully operational and continuing to service the needs of our Clientele and Customers. We are highly committed to the Health and Safety of our Workers, Subcontractors, Clients and Customers both on and off site.

Aston Air Conditioning and Refrigeration with over 20 years in the Business prides itself on its overriding objective always being to perform and deliver each Project with a strong focus on client satisfaction on each and every occasion.

Our team are more determined than ever to provide prompt and professional service.

Our ongoing obligations as a business includes:

- Closely monitoring official Government sources for current information and advice.
- Reviewing and promoting our policies and measures for infection control.
- Ensuring workers are aware of the isolation and quarantine periods in accordance with guidance from the Australian Government Department of Health.
- Communicating clearly to Employees when they should not attend work.
- Providing clear advice to workers about actions they should take if they become unwell or think they may have the symptoms of COVID-19.
- Providing workers with information and links to relevant services should they require support.

We have measures in place to ensure our high standard of service and standard of delivery maintains its high level of consistency and any impacts are minimised to either Commercial or Residential Sites.

In response to the COVID-19, we are following the National Health Guidelines to ensure the health and safety of our Employees, Clients and Customers.

These Include:

- Thoroughly and regularly washing your hands with soap and water.

- Staff are being monitored, informed and are encouraged to go above and beyond with hygiene practises.
- Practise social distancing at all times.
- Avoid physical contact when greeting. Safe greetings include a wave or a nod.
- Avoid touching your eyes, nose and mouth.
- Cover your mouth and nose with your bent elbow or tissue when you cough or sneeze.
- Ensuring our staff are healthy and following Government guidelines.
- Advising staff to observe social distancing and use their own equipment/PPE at all times on site.
- If it should occur that any of our staff become unwell, or have close contact with anyone unwell, they will self-isolate and undergo treatment as per current state and federal guidelines.

We will continue to follow all recommendations for how we can adapt our business to ensure the safest environment possible for our team at Aston Air Conditioning and Refrigeration.

We encourage all our Staff, Subcontractors, Clientele and Customers to look after themselves and each other through these unprecedented times.
